3. Scroll down and select "Pay with a Bank Account or Credit Card" - no need to login to paypal

The screenshot shows the PayPal login interface. At the top is the PayPal logo. Below it is the heading "Pay with PayPal". There are two input fields: the first is blurred, and the second is labeled "Password". Below the password field is a checkbox labeled "Stay logged in for faster checkout" with a help icon. A blue "Log In" button is positioned below the checkbox. Underneath the button is the text "Having trouble logging in?". A horizontal line with "or" in the center separates the login section from the payment options. The "Pay with a Bank Account or Credit Card" option is highlighted with a red rectangular border and a red arrow pointing to it. At the bottom left of the form is a link that says "Cancel and return to Fast Web Guru".

PayPal is a safer, faster way to pay

No matter where you shop, we keep your financial information securely encrypted.

IMPORTANT: For one time payments, you can pay via paypal transfer as guest (no need to login), However, for recurring payments / autopayments, it requires to login to paypal or create a paypal

Paying an Invoice- Fast Web Guru - ONE TIME PAYMENT

account because the auto debit system is setup inside paypal's system

Paypal is just an online payment processor, payment is still done via credit card whether a guest or logged in user. No need to put up a paypal credit.
